HAND-PICKING THE JUDGE

The federal government's effort to get Federal Judge concert tour. Luther Youngdahl to disqualify himself as residing jurist in the Owen Lattimore perjury trial presents some delicate questions.

Late in 1952, Lattimore, John Hopkins professor assailed as exerting alleged leftist influence on the State | Our loss of prestige and conf Department's Far Eastern policy, was indicted for per- dence (abroad) and the spread of jury on seven counts. The Greatest Gasoline Development in 31 Years

Here are the facts proved by millions:

- 1. TCP boosts your ear's power as much as 15% (because it neutralizes power-robbing lead deposits).
- 2. TCP gives you extra gas mileage (motorists report up to 3 miles more per gallon).
- 3. TCP is just like an engine tune-up (because it lets you enjoy all your car's built-in power).
- 4. TCP increases spark-plug life up to 150% (because it actually fireproofs your spark plugs).
- 5. TCP makes it possible for you to enjoy all the extra performance of Conoco Super's higher-octane rating.

But don't take our word for it! Read what motorists, themselves, say about Conoco Super with TCP.

I remember when tetraethyl lead was first put into gasoline 31 years ago, Now comes Conoco Super with TCPI It's livened up my '51 Mercury-and now I get 3 more miles to the gallon.' Mr. John T. Knudsen, Traffic Officer D89 South Fourth East, Salt Lake City, Utab

(2) "Conoco Super with TCP is doing everything it's promised in giving our '53 Cadillac extra mileage, power, and performance. We won't take any other gasoline, because TCP has no substitute." Mr. S. E. Brooks, Retired RR Engineer

107 North Third, Belan, New Mexico

3 "I maintain four cars and three trucks. In all of them, it's Conoco Super with TCP. I'm getting new-car performance! Starting on cold mornings is 50% better. I'm sold on Conoco Super!" Mr. Ray B. Crowley, Wholesale Florist

"Conoco Super Gasoline with TCP does the job as no other gasoline has done before. My 1950 Chevrolet runs quietly, doesn't make knocking noises, starts right up and goes farther to the gallon." Mrs. S. J. Crosby, Housewife 415 West 6th Street, Anaconda, Montana

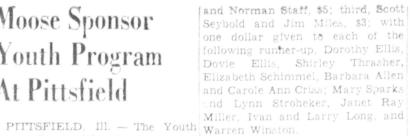

6 "Conoco Super with TCP is a vitamin tonic for my '48 DeSoto, The engine starts promptly. And the mileage savings are like getting up to a gallon and a half of free gas to every tankful."

Mr. William Grabowski, Electrical Contractor 482 North Wirth Ave., Elgin, Illinois

YOUR GUARANTEE

The trademark, TCP, is your guarantee that you are getting the full benefits of "the greatest gasoline development in 31 years." Only Shell Oil Company and its licensee. Continental Oil Company, have TCP.

*For the purposes of this contest, "one year's pay" shall be construed to be the 1953 gross taxable income of the winner, not to exceed, however, the maximum of \$10,000.00, but in no event less than \$3,500.00, whether the winner had any taxable income or not for 1953. Satisfactory proof of 1953 gross taxable income over \$3,500.00 shall be required.

Here's a new fun-contest that's "easy as pie"!

Dream up a name for this luscious pie! It's that simple! Best way to get ideas for a name is to make the pie, using delicious, country-fresh Milnor. Its marvelous taste will suggest any number of names-such as Dark Secret, Snow-Capped Confection. Any name you submit may win that thrilling first prize of a FULL YEAR'S PAY! Or one of the 103 other wonderful prizes! Hurry! Enter

Here's all you do:

Print your suggestion for a name for the pie, your name and address and the name and address of your grocer on a plain sheet of paper or official entry blank. Attach one MILNOT label to each entry. Mail to MILNOT, P. O. Box 7525, Chicago 77, Ill. by midnight, November 21, 1954. You may submit as

Hirst Ime regular grade gasoline

TCP—the greatest gasoline development in 31 years-stops the greatest cause of power waste

New Shell Gasoline—regular grade—gives performance never before possible with regular grade fuel

Now motorists whose engines were designed to operate on regular grade fuels are offered a remarkable new gasoline.

This new gasoline contains TCP*, the Shelldeveloped additive which overcomes the greatest cause of power loss in the majority of cars on the road today.

A year ago TCP additive was introduced in Shell Premium Gasoline exclusively. Its acceptance has proved that TCP is indeed the greatest gasoline development since the introduction of tetraethyl lead.

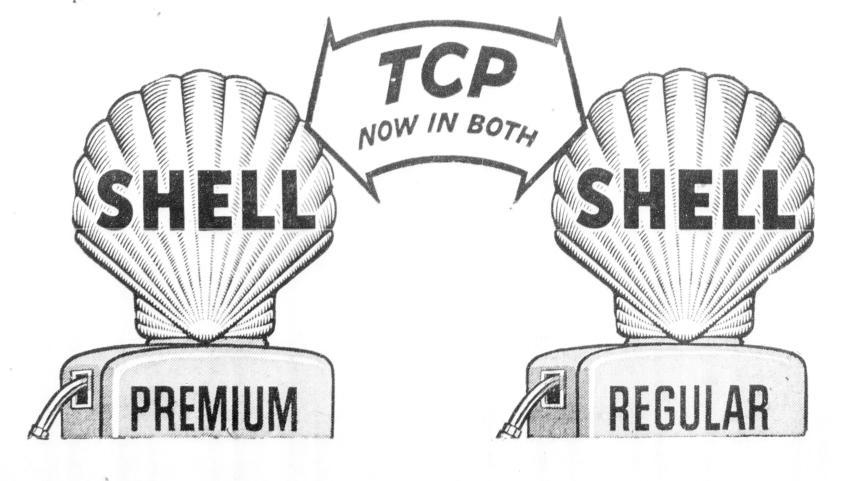

New Shell Gasoline (regular grade)—now with TCP—benefits engine performance in two ways. First, by "fireproofing" combustion chamber deposits, it effectively controls pre-ignition. Second, by changing the deposits on the spark plugs to non-conductors of electricity, TCP additive stops misfiring. Each plug fires as it should, preventing fuel waste.

Gives performance never before possible with regular grade fuel

By correcting these engine troubles, Shell Gasoline (regular grade) with TCP gives an increase in acceleration, in smoothness of engine operation and in mileage.

Because engine deposits form constantly, continued use of Shell Gasoline (regular grade) with TCP is essential to retain its benefits. Now at all Shell Dealers.

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

WILL YOUR CAR GO SOUTH FOR THE WINTER?

If you are going to drive around in a tropical paradise from now until next June there is no reason why you should pay any attention to the following suggestions:

Your car needs special preparation for winter just as much as you need a furnace fire, an overcoat, and all the other special equipment for freezing temperatures, ice, snow, slush and storm.

It will not only save you much money but assure safety and comfort on the road if you will now—without further delay—have your car checked over and prepared for the cold months ahead.

Most of our repair business all winter is on cars that were neglected in October. Owners could have saved about 90% of those bills by doing the obvious things before

What are you going to do about it? Yes, indeed, we have everything necessary—this is a really up-to-date motor car maintenance establishment. Drive in any time.
